

Registration overview for the Master Thesis

Details about the final thesis

Name of the student: Raj Hritik Ambubhai

Study course: International Automotive Engineering

Faculty: Electrical Engineering and Information Technology

First examiner: Prof. Dr. Alen Turnwald

Second examiner: Prof. Dr. Ali Kanso

Topic of the thesis:

Runtime Safety Filters for Humanoid Manipulation using Speed Limiting and Control Barrier Functions

The final thesis will be written outside the Technische Hochschule Ingolstadt at:

Supervisor in the company/institute:

Phone:

Start of the deadline (Issue date):

End of the submission deadline:

The details about the thesis are not binding until the approval of the registration. The current status for this can be viewed at any time in the PRIMUSS portal.

Information on the submission of the thesis

The submission of the thesis is possible as soon as the registration has been officially approved. You can recognize this by the status of the registration in the PRIMUSS portal. Please also pay attention to any notes from your examiners, which are displayed there as „Additional information“.

Type and number of copies to be submitted: **1 hardcopy (paper)** (glue binding, DIN A4) and
 1 digital copy

The digital copy of the thesis must be uploaded to the PRIMUSS portal. The hardcopy of the thesis must be submitted to the Service Center Study Affairs (SCS). Only when both copies have been received, the submission is complete. Both copies must be submitted before the end of your deadline!

Information on your graduation documents

If you would like to receive your graduation documents (certificate, diploma, etc.) by post after you have completed your studies, please inquire about the currently applicable conditions before or when submitting your final thesis.

Once your documents have been finalised, you will usually be informed by the relevant faculty department about the postal delivery or pick-up options. Therefore, please always make sure to update your contact information in the PRIMUSS portal.
